The Advent Hill Connection

A PUBLICATION FOR ADVENT HILL RESIDENTS AND STAFF CREATED BY THE ADVENT HILL COVID-19 TASK FORCE
12th - 18th October, 2020

Informed, safe & connected

Message from the Chairman

Greetings to all residents and staff of Advent Hill. It is my pleasure to introduce the Advent Hill Connection, which will be a regular publication for Advent Hill Residents and Staff, designed to keep us informed, safe and connected to the mission that God has called each one of us here to perform.

We found that there was a need for more awareness of the decisions and policies that were being put in place by the Advent Hill COVID-19 Task Force, and that the community would benefit from more effective sharing of updates which have impact for all of us who live and work here on the Hill.

We hope that you will appreciate and enjoy this regular publication.

Sincerely,

Blasious M. Ruguri
Chairman, Advent Hill
COVID-19 Task Force

COVID-19 Advent Hill Medical Response Committee (CO19 MRC)

Recommendations

Phase three of the Advent Hill Reopening Phase Protocols
October 4, 2020

While COVID-19 continues to spread it is important that communities take action to prevent further transmission, reduce the impacts of the outbreak and support control measures.

COVID-19 is a global pandemic, it is possible to have a second or third wave of the pandemic at any time. We cannot be complacent. We ask that all AH community comply with the following guidelines during Phase three.

All those living, working or visiting Advent Hill shall:

- Complete the health screening form weekly, preferably to be done either on Sunday (the on-line form) or fill-out the hard copies on Monday.
- Wash hands with water & soap or sanitize hands frequently as much as possible.
- Wear a mask while inside of all buildings and outside, if social distancing is not possible.
- Maintain a social distance of at least 1 to 2 meters at all times.
- If feeling ill, stay at home. If you develop symptoms or become severe see your doctor.
- Limit off campus town trips and to the outdoor market place.

During the Phase Three, the following activities are limited or prohibited on the Advent Hill compound:

1. Choirs coming on the compound for recording songs, etc.
2. Hiring or using the hall for wedding banquet or wedding ceremony
3. Advent Hill Campus Tour coming with a big group

But, if the wedding is prepared by the family members of the staff, faculties or teachers, they will be allowed with the following guidelines:

a. They must submit a written request to the administration of the staff's employing entity. The entity should in turn inform the Task Force ahead of the event, if permission is grated
b. Submit the list of the participants, including their names, phone numbers, e-mail address, to the entities holding the event
c. The number of the guests is limited to the space they will be using to keep social distancing
d. Strictly follow all the COVID-19 safety protocol
e. Masks should be worn during the event
f. Masks and gloves should be worn during food service
g. If possible, eating should take place outside in a tent or in the open area
h. Hand sanitizing stations should be available within the event location
i. According to the local government rules and regulations, the conference hall or cafeteria to fumigate after each use.
